

Testo 174T

**\$123.20
inc GST**

Mini data logger. Place beside product during transport. One internal channel.
Range -30°C to +70°C
Accuracy ±0.5°C (between -20°C and +39.9°C).
Weight 24g,
Dimensions 55mmx35mmx14mm.

Testo 175-T1

**\$308.00
inc GST**

Compact data logger ideal for accompanying goods. One channel with internal sensor, with wall holder and calibration protocol.
Range -35°C to +70°C,
accuracy ±0.5°C (between -20°C and +70°C).
Weight 90g, 82mmx52mmx30mm

Testo 177-T2

**\$777.70
inc GST**

Professional data logger for long term monitoring. 1 channel, internal sensor with wall holder and calibration protocol. Provides summary of temp history on display.
Range -40°C to +70°C
Accuracy ±0.4°C (between -25°C and +70°C).
Weight 122g, 103mmx64mmx33mm

Testo 174T Starter Kit

**USB \$306.90
inc GST**

Kit includes:

- Testo 174 mini data logger
- ComSoft 3 Basic software
- Wall holder
- Lock
- interface including PC connection cable.

Testo 175-T2

**\$388.30
inc GST**

Temperature data logger with internal sensor and external probe socket, wall holder and calibration protocol.
Range internal sensor -35°C to +70°C
Accuracy ±0.5°C (between -20°C and +70°C)
Range external sensor -40°C to +120°C, Accuracy ±0.3°C (between -25°C and +70°C). Weight 84g, 82mmx52mmx30mm

Testo 177-T3

**\$872.30
inc GST**

Professional data logger with internal sensor, 2 probe sockets and event logging.
Internal channel (1) range -40°C to +70°C
Accuracy ±0.4°C (between -25°C and +70°C).
External channels (2) range -40°C to +120°C accuracy ±0.2°C (between -25°C and +70°C).
Weight 127g, 103mmx64mmx33mm

Data Logger Accessories

**Testo
575
Printer**

**\$1063.70
inc GST**

Infrared thermal line printer with graphics function. Put printer next to logger and data will download using the infrared facility. Includes one roll of thermal paper and batteries.
